# voo_voo:9xx

VV 923

: product card

The unique high backs of the Voo_voo:9xx sofas create private spaces in large open areas such as universities, congress centres and open-space offices. The collection allows you to build flexible seating arrangements with high acoustic properties.

collection advantages

Sound absorption

An idea behind this design is to create a place of isolation in the open space, shopping centres, universities, schools as well as the other public use areas. A high upholstered backrest fulfils a role of the wall partitions, provides sound absorption and creates good acoustic conditions.

Private room

The Voo Voo 9xx enables to create a "private room" in the office, where we can concentrate on the project or have informal talks.
